The Children's Cardiomyopathy Foundation (CCF) is a non-profit 501 (C) (3) organization that exists to promote and fund research into finding the cause and cure for pediatric cardiomyopathy. Pediatric cardiomyopathy is a chronic and potentially life-threatening disease of the heart muscle that affects more than 30,000 children in the United States.
CCF provides information, education, support and advocacy to families of diagnosed children and their physicians.
